

Commercial Water Conservation

Indoor

Install or replace
your faucet aerators.
Save 1-2 gallons
per minute.

Rinse dishes with an
efficient pre-rinse
spray valve.

Install water efficient
fixtures.
Look for the
WaterSense label.

Outdoor

Plant native, water
efficient shrubs,
trees, and grasses.

Use drip
irrigation on
your plants.

Dry sweep instead
of using a hose to
clean floors and
sidewalks.
